VirtualBiz

Providing a professional aspect for your business

- Do you require a professional view of your business without the expense of an office?

- Are you starting out in business or developing an existing business?

- Searching for a central UK address with access to additional services including meeting rooms and informal work zones?

If the answer to any of the above is yes then VirtualBiz, our virtual office scheme, based on Coventry University Technology Park, could be what your business needs.

Designed to support tomorrow's successful businesses and offering a variety of packages to suit your business needs, VirtualBiz is focused on providing a professional aspect for your business as it transitions through the various stages of its development.

As a VirtualBiz subscriber, you are able to benefit from meeting and entertaining your clients in the enterprising business environment of the Technology Park surrounded by other businesses enabling collaborative relationships to be forged.

Coventry University Enterprises Limited

Coventry University Technology Park

Coventry University Technology Park
- your gateway to a whole new world of opportunities
